Academic and Student Success
Provost and Senior Vice President: Claudia V. Schrader, Ed.D.
Language Hall [LH], Room 11 | 718.289.5496

The Division of Academic and Student Success represents a merger of the divisions of Academic Affairs and Student Affairs. By integrating these two areas, the new division is better able to coordinate academic programs and initiatives with student development and support, fostering a holistic experience for Bronx Community College students. The principal goal of the division is to provide the resources necessary to promote student success. We accomplish this goal by collaborating with our colleagues across the Division in order to prepare students academically, professionally and personally. This includes the recruitment, development and retention of outstanding faculty and staff; building successful pipelines from our pre-college programs into more than 40 academic programs; and providing academic advising, coaching, tutoring and other support services that empower students to become lifelong learners. A major focus of the division is the large scale expansion of the Accelerated Study in Associate Programs (ASAP), an initiative that helps students succeed by providing enhanced academic and financial support. The expansion of ASAP and other Division efforts to better support students will allow many more BCC students to graduate more quickly and pursue their lifetime goals.
