Admission to the College

ENROLLMENT MANAGEMENT
Associate Dean of Enrollment Management:
Mr. Bernard Gantt

The Office of Enrollment Management encompasses services for applicants to Bronx Community College. The Office oversees Recruitment and Admissions, Registrar, and Financial Aid.

ADMISSION OFFICE
Director of Admission and Recruitment:
Ms. Alba N. Cancetty
Loew Hall Room 224
Phone: (718) 289-5888

This Office assists applicants in completing the appropriate application forms, offers information to help them secure official transcripts, and assists them in obtaining counseling or academic advisement before registration.

College informational material is sent to prospective applicants upon request, including acceptance letters with the dates of important activities and examinations. The transcripts of transfer students are evaluated for possible advanced standing.

Bilingual staff are available to serve Spanish-speaking applicants.

An applicant for admission to Bronx Community College will be approved for one of the programs offered by the College if the applicant fulfills the basic admissions requirements and follows the admission procedures.

Note: The applicant must obtain and provide official transcripts. The Office of Admission is unable to obtain transcripts on behalf of the applicant.

BASIC ADMISSION REQUIREMENTS

All applicants must have official high school transcripts of grades or equivalency diploma scores sent to the College’s Admission Office and must meet the basic requirements as described below:

High School Diploma
A diploma from an accredited high school is required for admission to Bronx Community College. A high school certificate or an Individualized Education Plan (IEP) diploma is an unacceptable substitute for the high school diploma.
A New York State Equivalency Diploma, by taking the General Education Development Examination, may be substituted. A United States Armed Forces Institute (USAFI) Diploma must be converted to a New York State Equivalency Diploma.

Residence
The residency of a student under 18 years of age is governed by the residence of parents or legal guardian.

New York City Residency Requirements — A student may be eligible for the resident tuition fee rate if the student has continuously maintained his/her principal place of abode in the City of New York for:

- at least six consecutive months immediately preceding the first day of classes and
- at least 12 consecutive months in the State of New York immediately preceding the first day of classes.
New York State Residency Requirements

To be eligible for the out-of-city New York State resident tuition rate, the student must have continuously maintained his/her principal place of abode in the State of New York for at least 12 consecutive months immediately preceding the first day of classes. All New York State residents who reside outside of New York City and plan to register at Bronx Community College must complete Residence Forms B80 and B81, available in the Bronx Community College Bursar’s Office before registration. Tuition for out-of-city New York State residents, who have on file a valid Certificate of Residence issued by their county of residence, will be the same as tuition charged New York City residents (See Tuition and Fees Schedule, pages 20, 21).

Determination of Resident Rate of Tuition for Non-Residents of New York State, Including Undocumented and Out-of-Status Immigrants

Chapter 327 of the New York State Laws of 2002 mandates that the payment of tuition by any student who is not a resident of New York State, other than those in lawful non-immigration statuses shall be at a rate no greater than that imposed for students who are residents of the state, provided that they meet one of the following conditions: First, they have attended an approved New York high school for two or more years, graduated, and applied to attend CUNY within five years of receiving the New York State diploma. Second, they have attended an approved New York State Program for General Equivalency Diploma (GED) exam preparation, received the GED issued within New York State, and applied to attend CUNY within five years of receiving the New York State GED. Third, they were enrolled in CUNY in the Fall 2001 semester or quarter and were authorized by CUNY to pay tuition at the resident rate. Thus, a student who attended CUNY in the Fall 2001 semester and paid the resident rate does not have to satisfy either condition 1 or 2 above. It should be noted that any student meeting one of the three conditions set forth in the law does not need to prove residence in New York State. In addition, students without lawful immigration status must file an affidavit (notarized) with CUNY stating that they have filed an application to legalize their immigration status or will file an application as soon as they are eligible to do so.

College Preparatory Initiative (CPI)

The City University of New York has instituted a program for entering students called the College Preparatory Initiative.

Students entering a community college as of 2000 must have at least 16 units of high school work in academic courses which include:

- a minimum of 2 units of laboratory science;
- 3 units of mathematics;
- 4 units of English;
- 4 other units in social sciences;
- 1 unit in fine arts;
- 2 units in foreign language.

High school students should consult with guidance counselors to ascertain what courses are considered to be academic within the English, science, mathematics, social science, foreign language and the fine and performing arts curricula.

No applicants will be denied admission due to the lack of CPI units.

Students who have not completed the academic unit expectations prior to enrolling in the University will be required to demonstrate skills and knowledge in the discipline areas in which they lack preparation. In most cases, this will be accomplished by taking a designated college course.

Students will be informed of alternative methods for demonstrating competence. All entrants will be informed of the preparatory units that have been recognized as a result of high school preparation. GED students will receive units in English and mathematics based on their test scores.
Health and Physical Standards

All students must submit, as part of the application, a medical examination report on the form provided by the College. Public Health Law 2165 requires that all matriculated students born after January 1, 1957, and enrolled for six or more credits, be immunized against measles, rubella, and mumps. Final admission requires approval by the College of the student's ability to meet its health and physical standards. In addition, students in Nursing and Radiological Technology must take a special physical examination required under contractual agreements.

New York State Public Health Law mandates all colleges provide students with information about meningitis. All students must complete the response form confirming that he or she has read the information provided by the college and return that form to the Health Services Office. Failure to comply jeopardizes a student's registration.

CUNY Freshman Skills Assessment Program

The Program consists of tests in three areas: reading, writing, and mathematics. In each of these areas, the University has set standards defining readiness to do college work, which may be subject to change. Students cannot enter senior colleges or begin college-level work unless they have passed all three tests or have met all the exemptions/proficiency criteria cited below:

1. Students hold an accredited/documented bachelor's degree.
2. Students are considered proficient in reading and writing if they can document any one of the following:
   - SAT 1 verbal score of 480 or better.
   - ACT English score of 20 or better.
   - NY State English Regents score of 75 or better.
3. Students are considered proficient in mathematics if they can document any one of the following:
   - SAT 1 math score of 480 or better.
   - ACT Math score of 20 or better.
   - NY State Regents score of 75 or better in one of the following: Math A, Math B, Sequential 2, or Sequential 3.

All exempt students are required to take the advanced math (college algebra and trigonometry) part of the COMPASS math test for placement into appropriate mathematic courses.

Skills assessment tests are administered at Bronx Community College and CUNY’s sixteen other colleges. Students are notified by the University Application Processing Center about dates and times of test administration. Students who at first fail to meet CUNY standards and must repeat any of the tests after appropriate study will be notified of college-wide retesting dates. Detailed information about each of the tests, including sample questions, is available on the BCC website at www.bcc.cuny.edu/testingoffice. Any further inquiries can be directed to the College Testing Office in Colston Hall, Room 711, (or by calling 718-289-5760 and/or e-mailing bcctesting@bcc.cuny.edu).

BCC Placement Tests

In addition to the Skills Assessment Examinations, some applicants must take separate departmental placement tests in speech, keyboarding and/or a foreign language, depending on their choice of curriculum. A separate test is administered in chemistry.

ADVANCED STANDING ADMISSION

An applicant who has previously attended another college, university or postsecondary institution must report that fact in an application for advanced standing admissions. The applicant must also have the former institution(s) submit official transcript(s), including an official statement of the conditions of withdrawal, directly to the UAPC, Box 359023, Bay Station, Brooklyn, NY 11235-9023. Even if attendance at such a college was for a short period of time and no grades are recorded, an official college transcript is required.

A student is allowed a maximum of 30 credits advanced standing (transfer credits) in equivalent courses completed at accredited institutions of collegiate rank. The total number of credits allowed toward the associate degree by BCC may not exceed 30, regardless of whether the courses were taken at other institutions before admission, during attendance at, or after leaving Bronx Community College. Grades of D or better received in equivalent courses taken at all other institutions will be accepted for credit.

In general, one-half of the career specialization (exclusive of liberal arts and sciences courses) must be taken at BCC. Because of the nature of the curriculum, this regulation does not apply to the Liberal Arts and Sciences A.A. and A.S. degrees.

Any course for which advanced standing has been granted from another institution cannot be repeated at BCC.

Courses passed at BCC or another college with a grade of C or higher may not be repeated, except as an auditor (no credit). Exception: Nursing courses must be passed with a grade of C or better and must be repeated if a grade of C- is received. A student is permitted to repeat only once any course he or she has failed. See Nursing curriculum, page 114.

### ADVANCED PLACEMENT AND CLEP CREDIT

At the time of matriculation, students who have completed Advanced Placement (AP) college–level courses while in high school may apply for college credit if they have taken the corresponding AP exam which is administered by the College Entrance Examination Board (www.collegeboard.com). Students must apply to the Registrar in writing and arrange to have an official copy of their test scores sent to the Office of the Registrar.

The College Board also administers the College Level Examination Program (CLEP), offering examinations in several college level subject areas. The academic department in which the equivalent course is given, determines equivalency of the CLEP exam, the number of course credits awarded, and the CLEP score that will allow a student exemption from the equivalent BCC course. At the time of matriculation, students who want to apply for CLEP credit must apply in writing to the Registrar based on CLEP, and arrange with the College Board (www.collegeboard.com) to have an official copy of their scores sent to the Office of the Registrar.
Public Health Law 2165 requires that all matriculated students born after January 1, 1957, and enrolled for six or more credits, be immunized against measles, rubella, and mumps. (See Appendix B, pgs. 205, 206 for NOTIFICATION OF STUDENT IMMUNIZATION REQUIREMENTS.)

REFUND OF TUITION AND OTHER FEES

Fees are not refunded unless a course is withdrawn by the College. Under exceptional circumstances, upon approval of a written application made to the Registrar,* a refund of tuition fees only may be made in accordance with the following principles:

A full refund of tuition and Association Fees (where applicable) will be made in the event that courses are canceled by the College or the student's registration is canceled by the College.

* Students who wish to withdraw or who wish to drop a course should apply in person directly to the Registrar’s Office before classes begin and through the first three (3) weeks of class.

Military Refunds

Special Military Refund regulations apply to students who enlist or are called to serve in the military services of the United States, as well as those who served with VISTA or the Peace Corps.

Military service must be documented with a copy of induction or military orders.

In order to obtain a grade and full academic credits, a student must attend approximately 13 weeks. No refund will be made to a student who has been assigned a grade, regardless of whether the grade is passing or failing.

In instances where students who have enlisted in military service do not attend for a sufficient time to qualify for a grade and full academic credit but continue in attendance to within two weeks of induction, refund of tuition and all other fees except application fee will be made in accordance with the following schedule:

Withdrawal before completion of the fourth week of the semester ............... 100%
Withdrawal after this date ...................... .50%

Additional information regarding special provisions for students in the military can be found in Appendix C, pg. 206.

Return of Title IV Funds

Beginning July 1, 2000, the following will be the refund policy:

The current policy on refunds is rewritten to apply only to the return of Title IV student aid funds. Under current law, the federal refund policy applies to all student aid, including institutional aid. The Act stipulates that the amount of federal funds to be returned is calculated based on the percentage of the term a student has completed. If a student has completed 60 percent of the term, no federal funds need be returned. When students fail to notify an institution that they have withdrawn and the institution has no documentation of the date of withdrawal, they must return Title IV funds for 100 percent of the term.
