Thursday, November 17, 4 - 7 p.m., in Roscoe Brown Student Center [BC], Room 310

The House of Slaves Museum (La Maison des Esclaves) on Senegal’s Goree Island is an 18th century structure that was once one of the numerous slave ports for the Trans-Atlantic Slave Trade. Thousands of captured African men, women and children were held in the cells there for as many as three months until American and European slave ships were ready to set sail with their human cargo to the New World. Senegalese American Bilingual School (SABS) elementary, middle and high school students and teachers developed the Big Goree Project for the purpose of volunteering to improve and maintain the museum and to enhance its display of historic artifacts. Join BCC's Gene Adams in support of SABS to help preserve the House of Slaves Museum. To attend, RSVP to gene.adams@bcc.cuny.edu or make a contribution by visiting https://www.gofundme.com/biggoreeproject. Thank you for your support.

Join us for a panel discussion, to further explore and discuss the Pulse Nightclub shooting in Orlando. Within days of the Orlando shooting in June, some pundits and politicians tried to use the tragedy to foster animosity against Muslims while concurrently calling for a reduction of gun control laws. The Safe Space Program at Bronx Community College responded by holding an open forum where students, faculty and staff were able to share their feelings about the shooting. The Safe Space Program wants to expand the discussion with a panel comprised of leaders from academia, government and nonprofit organizations addressing the Orlando shooting as it pertains to their role in the community. The panel will be facilitated by Vincent Walker, Assistant Professor of General Counseling.
