Join us for a panel discussion, to further explore and discuss the Pulse Nightclub shooting in Orlando. Within days of the Orlando shooting in June, some pundits and politicians tried to use the tragedy to foster animosity against Muslims while concurrently calling for a reduction of gun control laws. The Safe Space Program at Bronx Community College responded by holding an open forum where students, faculty and staff were able to share their feelings about the shooting. The Safe Space Program wants to expand the discussion with a panel comprised of leaders from academia, government and nonprofit organizations addressing the Orlando shooting as it pertains to their role in the community. The panel will be facilitated by Vincent Walker, Assistant Professor of General Counseling.
