Earth Day - Pick Up A Butt Today!
Tuesday, April 22

Earth Day 2014 will focus on the unique environmental challenges of our time. As the world’s population migrates to cities and as the bleak reality of climate change becomes increasingly clear, the need to create sustainable communities is more important than ever. Sadly, cigarette butts litter the grounds around the walkways at the three entrances to our beautiful campus. In the spirit of attaining the goal of Earth Day, smokers are requested to extinguish and deposit all butts into trash containers located within the entrance areas. Smokers are reminded not to smoke within forty feet of the entrances as indicated by the signage posted at the three entrances and are encouraged to continue to deposit the butts into the trash containers. Pick up a butt today!

Learn about how to fix a flat tire, chain cleaning and lubing and brake and derailleur gearing system adjustments. “Biker’s lunch” and giveaways will be available.
