Give Blood, Save a Life  
**Tuesday, May 6, 12 - 5 p.m. and Wednesday, May 7, 12 - 6 p.m., in Meister Hall (ME) Lobby**  
There is no substitute for human blood. Severe weather has caused a blood supply emergency. Donating blood is easy and the blood supply relies exclusively on the generosity of volunteer blood donors. Please donate blood or platelets. Most people qualify as a volunteer donor, even if they are taking medications. To donate, you must: Be between 16 and 76 years of age (16 year old donors require parental permission — if you are over 76, you may donate with a note from your doctor); weigh at least 110 pounds; be well hydrated; bring ID with photo or signature. For medical eligibility questions, call 800.688.0900. All life-saving blood and platelet donations earn Donor Advantage points, redeemable for a wide variety of gifts and gift cards. You can even donate your points to support selected charitable organizations. For more information, visit www.mydonoradvantage.com.

“’The Overwhelming’”  
**Wednesday, May 7 at 7:30 p.m.; Thursday, May 8 at 12 p.m. and 7:30 p.m.; Friday May 9 at 7:30 p.m., in Roscoe Brown Student Center (BC) Hall of Fame Playhouse**  
The BCC Theatre Workshop presents this J.T. Rogers play, which is both a brilliantly crafted piece of writing and a tense, suspenseful exploration of one of the great human tragedies of our time. As a middle-aged American academic who desperately needs to publish a book in order to gain tenure, Jack Exley leaps at the chance to go to Rwanda to write about his old college classmate Dr. Joseph Gasana, who has in the intervening years specialized in treating children stricken by AIDS. But when Jack, along with his African-American second wife Linda and his disaffected teenage son Geoffrey, arrive in Kigali in the fall of 1994, they are not only unable to find Joseph, they are unable to find anyone who will even admit to having known the Tutsi doctor. Befriended by both a cynical American diplomat and a perhaps too-helpful Hutu political powerbroker, Jack and his family slowly, then urgently, become enmeshed in the tension, terror, professional risks and personal betrayals that they ultimately realize mark the start of a genocidal war — a horror that they can sense but cannot comprehend or control.
