FRESHMEN SEMINAR

<input type="checkbox"/> FYS 11 / OCD 1

¹Students planning to transfer to Lehman College, or other four-year programs, are strongly advised to take BIO 23 and BIO 24 instead of BIO 11 and CHM 17. The curriculum has obtained a waiver to require its students to take BIO 11 and CHM 17 or the sequence BIO 23/BIO 24 in the Common Core. If students transferring into this program complete different courses in these areas, they will be certified as having completed the Common Core requirements, but it may not be possible for them to finish their degree within the regular number (60) of credits.

²Select any physical education course except PEA 12 and PEA 82.

³Students who are not planning on transferring to a 4-year program in Community Health are encouraged to take this course.

⁴Choose from a foreign language at the appropriate level. Both courses must be from the same foreign language.

Notes:

- Students are encouraged to begin Transfer Planning early in their Academic careers. Please visit the Transfer Planning web site for the timeline as well as the information on Articulation and transfer: <http://www.bcc.cuny.edu/TransferCounseling/>
- The program articulates with Lehman College's B.S. in Health Education and Promotion.

REQUIRED COMMON CORE (Course listing at: <http://www.bcc.cuny.edu/pathways/?p=Required-Common-Core>)

<input type="checkbox"/> A	English Composition ENG 10 OR ENG 11; AND ENG 12 OR ENG 14 OR ENG 15 OR ENG 16	6
