### Projects in bid

#### 2002/EZ/100

**Elevator Dressing System**
- **Low Rider System**: $100,000
- **High Rider System**: $200,000

#### 2002/EZ/1001

**Construction Work**
- **First Quarter**: $50,000
- **Second Quarter**: $60,000
- **Third Quarter**: $70,000
- **Fourth Quarter**: $80,000

#### 2002/EZ/1002

**Other Work**
- **Office Expansion**: $30,000
- **Parking Lot Expansion**: $40,000

### Projects in Design

#### 2002/EZ/1003

**Design Development**
- **First Quarter**: $10,000
- **Second Quarter**: $20,000
- **Third Quarter**: $30,000
- **Fourth Quarter**: $40,000

#### 2002/EZ/1004

**Building Design**
- **First Quarter**: $5,000
- **Second Quarter**: $10,000
- **Third Quarter**: $15,000
- **Fourth Quarter**: $20,000

#### 2002/EZ/1005

**Electrical Design**
- **First Quarter**: $3,000
- **Second Quarter**: $6,000
- **Third Quarter**: $9,000
- **Fourth Quarter**: $12,000

### General Information

- **Project Manager**: John Smith
- **Director**: Jane Doe

---

**Note**: Additional information and updates will be provided in our next meeting.
The project in this report consists of a multi-phase project. In the first phase, which is currently underway, a new Student Center was built with associated auxiliary spaces. This phase will complete the electrical, structural, plumbing, mechanical, and architectural work, providing the framework for the final phase, which will include the completion of the Student Center. The final phase will include the completion of the Student Center, as well as the construction of additional auxiliary spaces. The project is scheduled to be completed by December 2020.

As for the Student Center, it is a significant part of the project and is expected to be completed by December 2020. The Student Center will provide a variety of services, including but not limited to: a university bookstore, a student lounge, a coffee shop, a dining hall, and a multipurpose room. The Student Center will also be equipped with state-of-the-art technology, providing a conducive environment for students to work and study. The project is expected to be completed by December 2020, and it is anticipated that it will significantly enhance the campus experience for students and faculty alike.
