Initial Discussion with Mentor
Talk with mentor about your interest in joining the program, your projected outlook on the program along with an initial brief discussion of ideas for a project.

Final Discussion with Mentor
Discuss your ideas for a project and how you are planning to execute the following. The mentor will briefly speak to you about what is expected along with the requirements for continuing the process in joining the SWIP program.

White Paper and Timeline
Submit a 5-page paper detailing the basis of your project along with your timeline. This will consist of a detailed 10-week timeline of activities projecting the dates you will come to the center along with a distribution of planned tasks over the course of 10 weeks for the successful execution of your project.

Acceptance & Further Discussion
Based on steps 1-3 your white paper and timeline will be reviewed and evaluated. Based on these documents there will be a further discussion on your proposed project.

Application & Agreement Form
Once you have been reviewed and emailed with an official acceptance letter, you are required to fill out an application form along with an agreement form.

Mapping Your Careers
Center Website: @http://www.bcc.cuny.edu/academics/geospatial-center-of-the-cuny-crest-institute/ Twitter: @BGCCCIGeo
DELIVERABLES REQUIRED FOR STIPEND

DTR
Once you have started working on your project it is essential that you submit your DTR stating the date and description of tasks each day you work on your research so that your progress is prevalent.

Technical Report
Your technical report will be an in-depth research and analysis of your proposed project.

Presentation
Your presentation will be highlighting the proposed research you have worked on. Must be presented in a classroom of students or in a conference * It is important that you work on your presentation template, and update it as you go along.

Must be submitted every time you work on your project.

It is important that you work on your report, and update it as you go along.

DRAFT 1: THIRD WEEK
DRAFT 2: FIFTH WEEK
DRAFT 3: NINTH WEEK

It is important that you work on your report, and update it as you go along.
SUMMER WORKFORCE INTERNSHIP PROGRAM FOR UNDERGRADUATES

OFFERED ANYTIME IN THE YEAR FOR 10 CONTINUOUS WEEKS

WHERE

Bronx Community College, Geospatial Computing Center, Meister Hall 330
2155 University Ave, Bronx, NY 10453
Monday-Thursday – 9:00am-4:00pm. total of 240hrs.

Applications will be reviewed on a rolling basis so there is no official deadline.

***Each participant will receive a stipend upon successful completion of tasks and report***
**SWIP HIGHLIGHTS**

The goal of the SWIP is to train participants in industry relevant geospatial and STEM research projects. Participants from high schools and colleges will engage in cutting-edge research and be mentored by expert faculty at the BCC Geospatial Center of the CUNY CREST Institute and York College. They will learn research methodologies, data analyses, perform literature review, and write technical reports / peer-reviewed journal articles and present research outcomes at conferences in the New York City region. Wherever possible an industry mentor will be included in the SWIP team. All the twenty SWIP participants will be motivated and provided guidance in applying for internships/jobs.

9. How did you come to know about the workshops?

_______________________________________________________________________________________

_______________________________________________________________________________________

_______________________________________________________________________________________

_______________________________________________________________________________________

_______________________________________________________________________________________

*If you learned about the workshop from a person please provide their contact details below:

Name/Organization where the person works: ________________________________________________
Email of Contact: ______________________________________
Tel/Cell: __________________________________________________

Additional Requirements:

1. A copy of unofficial transcripts
2. Two references from professors/supervisors
3. Sample of work done in the past (example: abstracts, poster presentations, research papers, published journals, etc.)

Applications will be reviewed on a rolling basis so there is no official deadline. Please, submit the completed application form (as a scanned attachment) to Dr. Sunil Bhaskaran the director of the program. His email id is Sunil.Bhaskaran@bcc.cuny.edu

Note: Only those applicants who are shortlisted will be contacted. Unless you get a written email confirmation you must not assume you are selected for the workshop
CONTRACT AGREEMENT –
Summer Workforce Internship Program (SWIP) for Undergraduates

Brief description of the program:

The summer workshop internship program (SWIP) will provide students an opportunity to engage in research under supervised guidance from a team of faculty who will be assisted by graduate student instructors. They will participate in research projects, present and publish in proceedings of conferences and learn to write journal articles.

Participant Responsibilities:

I will work in a committed and diligent manner to deliver the tasks (given below) that are expected of me in this program. Additionally, I will do the following below:

1. Have a clear understanding of the project and if not I will communicate with the assigned mentor and learn about them clearly.

2. Attend all meetings assigned to me in the program

3. Submit all tasks assigned in a timely manner

4. Engage in proactive communication with the mentor

5. Attend all days in the SWIP program at the BGCCCI’S Geospatial Computing Center

I understand that if I do not abide by the above I may not be eligible for the stipend.

INTERNERSHIP PROGRAM [SWIP] FOR UNDERGRADUATE PARTICIPANTS (Year-Round rolling basis)

- YEAR ROUND AT THE BCC GEOSPATIAL CENTER OF THE CUNY CREST INSTITUTE
- WORK ON EXCITING GEOSPATIAL RESEARCH PROJECTS UNDER AN EXPERT MENTOR!
- BUILD YOUR SKILLS AND MEET WITH EXPERTS FROM THE INDUSTRY!
- LEARN TO USE GEOSPATIAL SOFTWARE and PROGRAMS AT A STATE OF THE ART CENTER

EARN HANDSOME STIPENDS!
