## $\square$ FYS 11

${ }^{1}$ Students with prior ENG 1/RDL 1 placements (or English Proficiency Index < 50) will now take ENG 4 or RDL 4. Passing ENG 4 or RDL 4 will allow them to register for ENG 110.
${ }^{2}$ This program has obtained a waiver to require STEM variant courses in Required Core Area B and Area C and Flexible Core Area E. If students transferring into this program complete different courses in these areas, they will be certified as having completed the Common Core requirements, but it may not be possible for them to finish their degree within the regular number ( 60 ) of credits.

It is recommended that students take either GIS 11 or GIS 12 to fulfill this requirement.
${ }^{4}$ See Degree map at: http://www.bcc.cuny.edu/academics/academic-advising/degree-maps/ for semester-by-semester sequence
${ }^{5}$ For students who take MTH 30 to fulfill the Required Core, no free electives remain. For students with free electives, it is recommended that students take either GIS 11 or GIS 12
${ }^{6}$ See your department advisor for the appropriate sequence of specialization courses.

## Notes:

- Students are encouraged to begin Transfer Planning early in their Academic careers. Pease visit the Transfer Planning web site for the timeline as well as the information on Articulation and transfer: http://www.bcc.cuny.edu/TransferCounseling/
