Books and items that you have already will renew automatically. All materials can be returned to the library once we re-open.

Fines -

All books and items taken out or that are due during this COVID-19 time period (March 11th forward) will not accumulate fines.

All fines levied from before the COVID-19 time period (March 10th and before) will stand.

E-reserves -

Textbook chapters previously requested for upload are still available.

Go to the BCC_Library website and choose the "EReserves" tab, then click on the grey "Search" button for access by course number or instructor.

The screenshot shows the E-Reserves page for Bronx Community College. At the top, there is a navigation bar with the college logo and links for 'Bronx Community College Library', 'Research Guides', and 'E-Reserves'. Below this is a search interface with tabs for 'ALL COURSES', 'BY INSTRUCTOR', 'BY TERM', and 'BY SUBJECT'. A search bar contains the text 'Enter Course Keywords' and a 'Go' button. The right sidebar contains 'Student Resources' (with a link to 'How to Use E-Reserves'), 'Faculty Resources' (with a notice to submit requests 3 weeks before the semester begins and links to 'CUNY's Fair Use Policy', 'Reserve Submission Form', and 'Submission Form Help'), and a 'Need Help?' section.

Inter-Library Loan & CLICS (Other CUNY) -

Requests made to get materials from other CUNY libraries and Inter-Library Loan requests via ILLiad can only be processed when the Library is open and staffed. Submit requests [here](#). We will only process requests for digital files at this time.

BlackBoard uploads/linking -

Professors: Scanned book chapters and article .pdfs can be uploaded to course BlackBoard sites. (Remember copyright: Put up one at a time; take the older one down before uploading the newest file.)

Professors: Article permalinks can be added to course syllabi. Go to the BCC_Library website and choose the "Articles/Databases" tab, then click on the grey "Search" button to see all databases. Search in a database to find articles. In the search results, click on an article title to display the "Permalink" option for the article. Copy and paste that Permalink URL into your syllabus.
