

BCCECC NEWSLETTER

November 12th - November 25th, 2020

Parent Resources

- Get your free grab & go groceries at the Harvest Fields Community Food Pantry every Monday and Friday from 11am-2pm at 2626 Tremont Ave, Bronx, NY 10461! Don't forget to bring a cart!
- Find [free turkey](#) and [Thanksgiving dinner](#) in NYC!
- Complete the [Supplemental CARES Fund Application](#) today!

Curbside Grocery Pick-Up

On November 17, we are hosting a curbside pick-up of one week's worth of groceries for our student families. Register for the event [here](#). If you do not have access to a car we recommend bringing a cart to carry the groceries back home.

Thanksgiving Food Drive-By

On November 23rd, BCCECC is set to give 200 Thanksgiving meals to our student families. The drive-by will take place from 12-2:30. Those who do not have access to a car can call us at 718-289-5461 to arrange a pick-up at the security gate. RSVP for the event [here](#)!

Virtual Cooking Class

Students participated in a virtual cooking class with registered dietician Marina Lotardo, RDN. The event was hosted by New York Enrichment Group, "the leading nutritional, health, wellness and educational group in NYC." The in-person children sat socially distanced at tables in their classroom, while students learning remotely joined the session at home with their families. Each student was given their own set of ingredients and followed the recipe provided by Ms. Lotardo to make cookie butter oat balls, a healthy, no-bake snack recipe. We are so proud of our in-person students who were able to work while keeping their masks on throughout the whole hour-long session!

The Rising Stars

The Rising Stars have been learning all about diversity! The remote students drew a picture of their face and took turns describing a feature they like about themselves!

Friendship, Discovery, & Trailblazers Club

The 2 and 3 year olds have been busy learning about farm animals! The students and teachers picked an animal and shared about it on Zoom. When talking about the animal they chose, they shared the name of it, where it lives, the color of it, and the sound the animal makes.
