Taxation and Finance

Don't miss out on the child tax credit!

The new child tax credit from the federal government provides up to \$3,600 per child.

- \$300/month for children younger than age 6
- \$250/month for children ages 6 to 17

Families making \$150,000 or less per year may receive the full tax credit. Families making more than \$150,000 may receive partial credit. Up to 200,000 New York families may be missing out on these monthly payments.

If you have a dependent child and haven't already received your payment, you should check with the IRS as soon as possible.
