

LIBERAL ARTS AND SCIENCES

Associate in Arts Degree | Transfer Degree | Department of Social Sciences

Program Description

Liberal Arts and Sciences: Political Science Option

The Liberal Arts and Sciences curriculum prepares a student to be an accomplished and productive human being. A liberal arts degree opens doors to the professions and to rewarding and responsible careers. Future physicians, teachers, scientists, lawyers and businessmen, for example, develop themselves as well-rounded individuals, in addition to completing their pre-professional work. The academic experiences in liberal arts and sciences provide the foundation for later specialization, graduate study and professional school. The Political Science Option offers a greater degree of specialization.
