

**ADMINISTRATION AND FINANCE
AT A GLANCE**

The Division of Administration and Finance is the financial, administrative and operational management component at Bronx Community College overseeing business services, information technology, physical plant, human resources, campus safety and health, campus planning and space use, and campus and auxiliary services. Our team includes the people who design, maintain and clean the buildings and grounds, collect tuition, strategically align resources to academic programs and administrative initiatives, procure goods and services, manage human resources, operate computer systems, provide patrol, preparedness, emergency response and safety services to the campus community and support enhanced events, conferences and campus services. We are committed to transparency, sustainability, superior service and stewardship and to providing leadership in effective and efficient business, facility and resource management, to engaging in sound ethical policies and professional best practices and to utilizing innovative skills and technology to support the overall mission of teaching, research and public service.
