A COMMUNITY MURAL PROJECT

For the Bronx Community College New Beginnings

The Hall of
FAME
— Art Gallery

PROPOSAL BY THE HALL OF FAME ART GALLERY

The Hall of Fame Art Gallery and the Art & Music Department at Bronx Community College would like to propose a collaborative mural project for the campus. The mural, designed by acclaimed artist Layqa Nuna Yawar, will serve as a vibrant celebration of BCC's diverse community, embodying themes of inclusion, equity, and shared aspirations. It will symbolize the college's dedication to fostering an environment of opportunity and collaboration, reflecting the spirit of its students and faculty as they embrace a future of growth and unity.

We seek the approval of a \$10,000 budget to bring this transformative project to life. This mural will not only enhance the campus visually but will also stand as a lasting tribute to the vibrant diversity and collaborative ethos of the Bronx Community College community.

PROPOSE ARTIST: LAYQA NUNA YAWAR

Layqa Nuna Yawar is a public artist and multidisciplinary storyteller based in the ancestral lands of the Lenni-Lenape: current day Newark, NJ. His work is best known for large-scale community-based murals, intricate portrait paintings and multimedia projects that center the complex narratives of immigrant, black, indigenous and subaltern populations. His artwork aims to disrupt established semiotic systems and reimagine them in service of shared liberation and a better future.

Layqa's name is an invention that honors the Kichwa-Kañari legacy of his descent. His practice is driven by the act of reclaiming history as well as the inherent rupture and repair of the immigrant experience. His work exists at the intersection between migrant alienation and belonging, cross-cultural identity and decolonization, and between the private and the public realms.

His work has been recently commissioned by the Port Authority of New York and New Jersey and Munich Airport NJ, in partnership with Public Art Fund and can be permanently found at the new Terminal A at Newark Liberty International Airport. His collaborative work is also now on view at MoMA PS1 in New York City. Other Recent awards include a Monument Lab Research Residency, a Creative Catalyst Fund Fellowship by the City of Newark, and a Moving Walls Fellowship by Open Society Foundations among others. Layqa has held multiple teaching residencies, including projects with the United Nations World Food Programme, Casita Maria and currently teaches at Rutgers University. His murals can be found in cities and communities around the world.
