

CLIP

SPRING 2026

Bronx Community College CUNY Language Immersion Program

Loew Hall [LO] 336 | CLIP@bcc.cuny.edu | 718.289.5207

The CUNY Language Immersion Program (CLIP) offers you the opportunity to study English for an intensive period before you enroll in formal credit bearing college courses. This program includes classroom instruction, books, computer assisted learning, tutoring, college orientation and advisement. Because of the intensity of the language instruction (25 hours a week), students do not take additional college course work while they are attending CLIP. After participation in the program, you will receive assistance to enroll in college. A place at your college is reserved for you.

Eligibility

The program is designed for students who have already been admitted to a CUNY college and who need additional English language preparation. Participation in the program is voluntary.

Duration

You can enroll in the program for one year. Each semester lasts approximately 15 weeks, with a shorter cycle in the summer.

Financial Aid

During your time in the program, you will not be using your financial aid.

Cost

- \$180.00 for NYC residents
- \$450.00 for non-residents
- \$45.00 for students receiving public assistance

If you receive public assistance benefits or will be enrolling in SEEK or CD, please provide official proof (budget letter or statement of benefits from the HRA ACCESS website) at the time of your registration, before you pay your program fees.
