

ASAP

ACCELERATED STUDY IN ASSOCIATE PROGRAMS (ASAP)

The jewel of BCC's comprehensive student support is Accelerated Study in Associate Programs (ASAP). Since 2007, ASAP has sped up the graduation rate for thousands of students. It is designed to provide all the financial, academic and personal support students need to complete their degrees As Soon As Possible. That includes:

- Free tuition (if qualified)
- Free unlimited MetroCards
- Reduced-cost or cost-free textbooks
- Enhanced career development and academic support services
- Advisers who offer constant, one-on-one support for their students throughout their time at Bronx Community College. Graduates often cite their ASAP adviser as an essential contributor to their success.

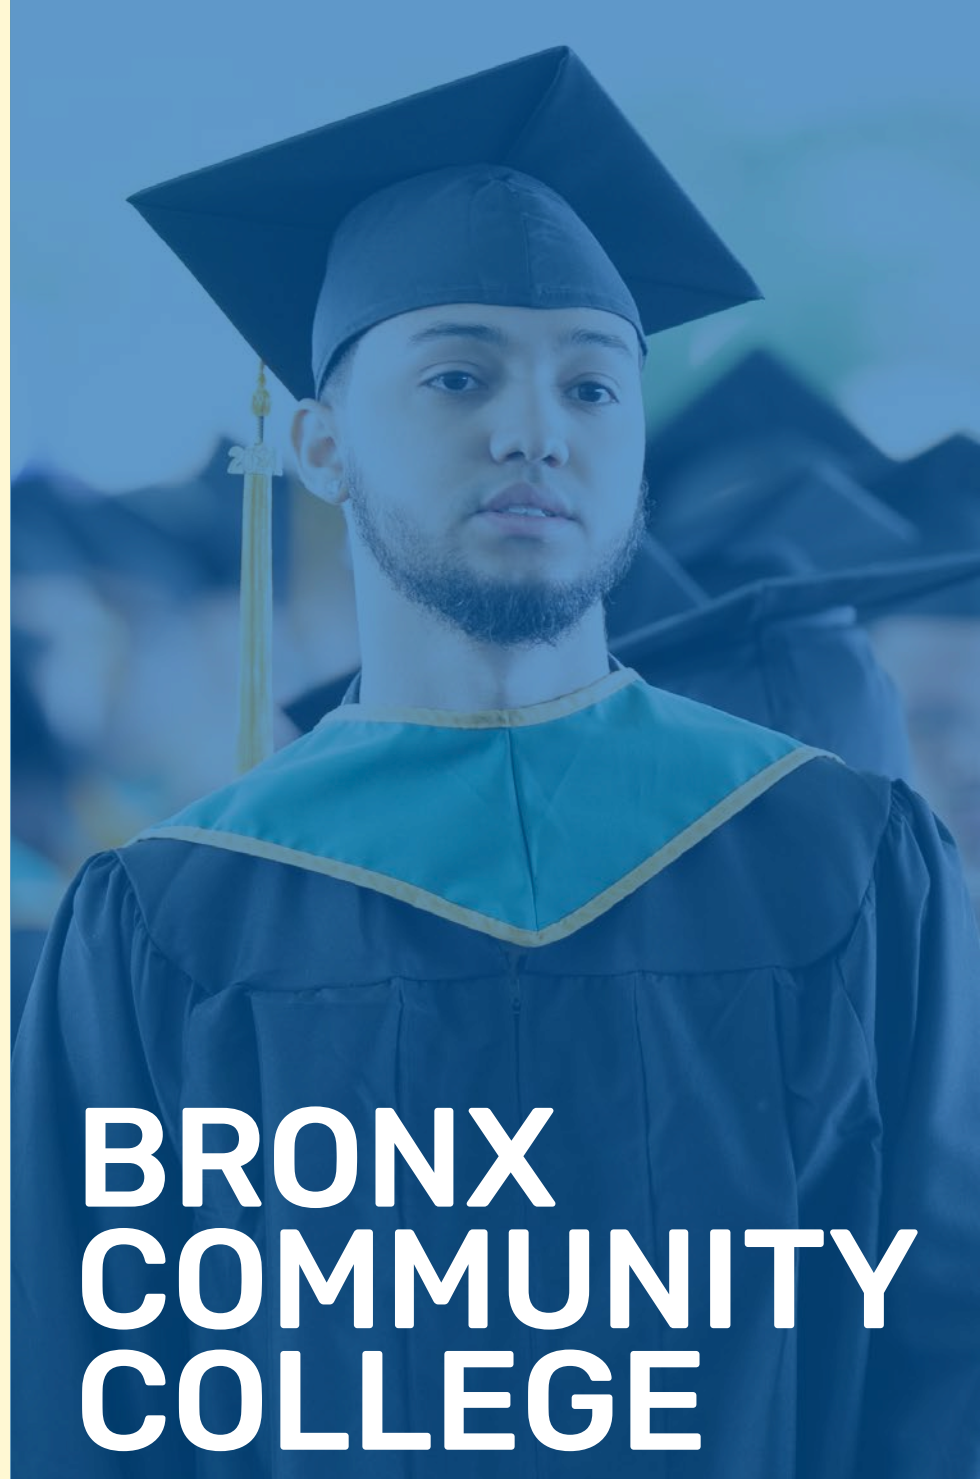

Learn how to join ASAP and read the stories of ASAP graduates here: www.bcc.cuny.edu/ASAP

WHY BRONX COMMUNITY COLLEGE?

Because BCC is an engine of success. Its students are often the first generation in their families to attend college.

Its programs boast high rates of placement in jobs that are the beginning of valuable and rewarding careers.

Over 40 degree and certificate programs, some that place students in high-paying jobs in two years.

Financial aid that pays for part or all of the college careers of 90% of those attending BCC.

A major system of support services for our students that helps them meet every academic and personal challenge.

Advisement, internships and career planning for careers or further education.

At BCC, students learn how to thrive in the college environment and how to plan and prepare for life after they receive their well-earned diplomas. Our students come from a broad range of backgrounds and experiences. But what they all have in common is that they graduate with the same readiness for the rest of their professional lives.

ACADEMIC

ACADEMIC AND CERTIFICATE PROGRAMS

BCC's degree and certificate programs are pipelines to satisfying, well-paying careers.

We have classes in whatever interests our students bring to BCC or discover while they are here. And we turn that passion into a profession.

Our academic programs have over 125 transfer agreements with four-year colleges across the City and State University of New York systems and select private schools as well. Here is the complete list of our transfer agreements, a pathway to success our students can follow from their first semester at BCC: www.bcc.cuny.edu/campus-resources/transfer-services/transfer-agreements

Here are the many paths students can pursue at Bronx Community College.

STUDENT SUPPORT

Bronx Community College has a vast support system for its students, all designed to assure that those who enter our gates will one day leave with their diplomas.

That means plenty of academic advisement, tutoring and mentoring.

BCC knows that its students often face personal challenges that can stand between them and graduation. We anticipate their needs with a host of campus resources.

BCC also has services that target the particular needs of specific student populations.

Scan this QR code for more information, or visit: <https://www.bcc.cuny.edu/admission-financial-aid/admissions/>

COLLEGE LIFE

The campus is alive all year long with a myriad of events.

BCC has over 35 student clubs and societies.

Here is the current club line-up:

www.bcc.cuny.edu/campus-life/student-life/student-clubs-societies

The Student Government Association represents BCC students on campus and within The City University of New York. Students can be a part of it by showing up to meetings, voting for SGA officers every spring or running for those offices themselves.

SPORTS

At Bronx Community College, student athletes excel in the classroom.

BCC student athletes graduate at 2.5 times the rate at BCC in general and two times the rate throughout CUNY.

There are Broncos teams for:

Men's basketball | Men's baseball | Men's soccer
Women's basketball | Women's volleyball
